

FULL DAY EXCURSION

Etna&Taormina

In the morning we will leave to visit Etna the highest (c. 3350m) volcano in Europe and one of the largest and most active in the world, nowadays Unesco World Heritage Site.

Its regional park protects 59.000 hectares of unique geology, flora and fauna, villages and farms, and traditional methods of forestry, bee-keeping, wine manufacture, stonework and carpentry.

We will reach the "Crateri Silvestri", small volcanic cones now inactive, surrounded by ancient lava flows. The view beyond the mountain's hundreds of subsidiary cones and craters, can extend across the whole of Sicily, the Aeolian islands and Calabria. The spectacle is unique!

Later we will visit a company of beekeeping: visit of the honey extraction lab, tasting of homemade honey and typical products of the area.

We will proceed to Taormina, charming town renowned for its magnificent position above the sea commanding a celebrated view of Etna. Lunch in a typical restaurant for some typical Sicilian cuisine dishes. In the afternoon we will visit Taormina's fascinating Greek theatre, and then you will have free time for a nice walk among the picturesque medieval typical narrow streets and go shopping and looking around the local handycraft (coral jewels, precious laces, ceramics, sweets and much more). The day will end with an overview of the beautiful Riviera dei Ciclopi.

Back to our hotel in Catania.
