THE ACCOMMODATION

Host Family

Staying with a host family is a unique intercultural experience that we highly recommend to all our students. Students will share special moments of daily life with their host family, practicing French in real-life situations.

All our host families are carefully selected by our team. Each family hosts one or more students with different mother tongues, when possible, in a shared bedroom.

Breakfast and dinner will be taken with the host families. Special dietary requirements can be accommodated if the school is informed at least three weeks before the program starts.

OTHER INFORMATION

Supervision / Security:

A group leader organises the activity program and supervises the students. The student-to-staff ratio is 1 to 12. The school also requires a medical certificate or a signed statement from parents for each student, detailing medical history, allergies, and any other recommendations.

For insurance and security reasons, the curfew is set at 11 pm on weekdays and 1 am on Friday and Saturday nights. Sanctions may be applied in the event of non-compliance with these rules.

Transportation:

Public transport is used for travel between host families and the classroom or activities. The transportation cost are not included in the program.

Transfers:

Transfers are included from Biarritz Airport or train station. A member of the host family will pick up the student upon arrival and accompany them on the day of departure. Trip details must be confirmed at least 15 days before the student's arrival (including place and time of arrival, flight number, etc.).
