Designed as an exceptional program dedicated to the history of art, this premium summer course offers a high-level intellectual and cultural immersion into the ecosystem of art and French collections. It is intended for art enthusiasts eager to deepen their knowledge. More than a course, it provides a complete immersion into art and culture in France, explored through their historical, aesthetic, and contemporary dimensions.

Mornings are dedicated to masterclasses and case studies focused on key themes, delivered in English and complemented by small-group work. Throughout the program, participants are introduced to French artistic and cultural vocabulary, its origins, and its influence on other languages. Afternoons extend the morning themes through visits to cultural institutions, emblematic sites, and major collections, enriched by privileged encounters and discussions offering insight into the contemporary realities of the art world in France.

Program Themes: Introduction to the history of art, Masterpieces in French collections, The Age of Cathedrals, The French Renaissance, From Baroque to Romanticism, French movements of the 19th century, Modern art in Paris, Contemporary art from 1960 to the present
